Dear Classmates,

Many of you have either called me this morning or emailed me with requests for copies of the GHS Class of 1966 Reunion Video Documentary that was shown Saturday night at our reunion party. We sold all 35 copies of the DVD that were available that evening and took lots of orders for more. If you did not get a copy of the order form and would still like the DVD, just print the order form below and mail it to me.

For those of you who did not have the opportunity to view the documentary, I think you will enjoy seeing the crew of Star Trek's Enterprise travel back in time to the year of 1966 and beam down to the campus of Greenville High and relive our 1966 school days. The video contains vintage clips from Greenville 1966, priceless photos of our days at Greenville High with hundreds of pictures of our classmates, football games, talent show, class scholars and numerous other school activities. There are also great shots of Greenville *Then and Now* showing Greenville from 1966 compared to our beautiful downtown today.

There is also a moving memorial tribute to our deceased classmates and video clips from previous GHS 66 reunions. The video is in DVD format. If you would like a copy, just complete the form below and mail it to me.

Thank you for the great support of this project.

Ron Long

DVD ORDER FORM

Please send me the GHS 66 Video Documentary (DVD FORMAT)

Name: _____

Address: _____

City, State, and ZIP: _____

Phone: _____

E-Mail: _____

Enclose \$25.00 for each video or save and order 2 for \$40.00

Mail to:
